WORK EXPERIENCE

Full Stack Developer
DAJI and Engineers LLP

10/2022 - 02/2023 *Indore*

Achievements/Tasks

- Transformed the digital presence of a construction-based company by engineering a dynamic website with **MERN Stack**. Elevated *customer engagement* by **75%**, significantly *increased traffic* by **45%**, and delivered a visually pleasing UI, *enhancing the company's online impact* and *user satisfaction*.
- Developed the Front-End UI using **React**, **React Router DOM**, **Redux**, and **Redux Form** that allowed clients to place their construction orders with precise customizations and view all their placed orders in a neatly *organized dashboard* that updates in real-time.
- Built the Back-End using **Express** and **Node.js** with **MongoDB** database

CERTIFICATES

Java Programming Masterclass - Java 11 & 17 (02/2022 - 07/2022) ⧉

Node with React - Fullstack Web Development (10/2021 - 01/2022) ⧉

PERSONAL PROJECTS

1. PixPerfect
- PixPerfect is a **MERN stack** application facilitating the workflow of client-initiated graphic design requests. Integrating **MongoDB, Express, React, and Node.js**, it streamlines the design request process, ensuring a seamless user experience.

2. Xception.live ⧉
- Designed and developed the Xception college event website using **React and Firebase**. Enabled comprehensive event information access and simplified competition registration for seamless student engagement.

3. Portfolio ⧉
- Engineered a dynamic personal portfolio website utilizing **HTML, CSS, and JavaScript**. Employed diverse **Animation libraries** and **jQuery** to elevate visual aesthetics, showcasing skills and projects with flair.

ACHIEVEMENTS

Leadership Role: Senior Technical Events Head, College Tech Fest (01/2023 - 04/2023)
Served as the Senior Technical Events Head for Xception, overseeing planning and execution. Led a team to deliver engaging technical events, contributing to the success of the overall college event.
